Dear Investor:

The United States Attorney's Office for the Northern District of Ohio forfeited approximately \$10.8 million related to the Profitable Sunrise internet-based high yield investment fraud scheme, perpetrated by individuals using the false names of Roman Novak and Radoslav Novak and others. (*U.S. v. All Funds Held in the Name of Colorshock, S.R.O., at MKB Bank ZRT*, 3:15-CV-084 (N.D. Ohio)). These proceeds will be distributed to eligible victims through a process called "remission." Authority to grant remission rests with the Department of Justice, Money Laundering and Asset Recovery Section (MLARS) pursuant to the Code of Federal Regulations, Chapter 28, Part 9 (2019).

MLARS has retained Analytics to assist in reviewing victim remission petitions and distributing the forfeited funds. If you are determined to be an eligible victim of the fraud, you may be eligible to receive compensation for any pecuniary losses you incurred. If you wish to be considered for remission, you must complete the enclosed Petition Form and return it to the Remission Administrator.

You must provide supporting documentation for the net amount you are claiming. Acceptable supporting documents indicating a payment to Profitable Sunrise include, international-wire transfer records, bank statements, or similar official transaction records such as from third party currency exchange entities such as Liberty Reserve or Solid Trust. Bank statements must show the account holder's name; bank information; and transaction dates, descriptions, and amounts.

The net investment amount is the total amount you invested in the Profitable Sunrise scheme minus any amount returned to you. All amounts should be stated in US dollars. If you invested in a different currency, please convert to US dollars using the conversion rate at the time of the investment.

You must submit your signed Petition Form on or before **December 2, 2022**, to be considered for remission.
